To the bondholders in the Det norske oljeselskap ASA 13/20 FRN (ISIN NO 001068414.5, TICKER: DETNOR02)

Oslo, 11 May, 2016

Summons to Bondholders' Meeting

Nordic Trustee ASA acts as bond trustee for the bond issue FRN Det norske oljeselskap ASA Senior Unsecured Bond Issue 2013/2020 with ISIN NO 001 068414.5 (the "**Bond Issue**") issued by Det norske oljeselskap ASA (the "**Issuer**" or the "**Company**") pursuant to the bond agreement dated 1 July 2013 (the "**Bond Agreement**") as amended on 22 April 2015, between the Issuer and the Bond Trustee.

All capitalized terms used herein shall have the meaning assigned to them in the Bond Agreement unless otherwise stated.

The information in this summons regarding the Issuer and market conditions are provided by the Issuer, and the Bond Trustee expressly disclaims all liability whatsoever related to such information.

1. BACKGROUND

Last year's alignment of financial covenants (the "**Covenants**") across the Company's senior credit facilities (including the RBL, the RCF and DETNOR02) was done at a time when both the prevailing oil price and future price expectations were higher and the amended Covenants were expected to suit the Company's financial profile towards first oil from Ivar Aasen and Johan Sverdrup. Since then, both the spot and forward price for oil has dropped significantly.

At the end of Q1 2016, the Covenants were comfortably within its thresholds. The leverage ratio was at 2.5x, below the threshold of 3.5x and the interest cover ratio was 7.9x, above the threshold of 3.5x. However, these ratios may come under pressure in a scenario where oil prices continue to be low. Therefore the Company has, as previously announced, engaged in a dialogue with its creditors to proactively address the level of its financial covenants.

The Company has vigorously continued to improve cost efficiency on all levels in order to strengthen the long term competitiveness and ensure strict capital discipline. Furthermore, the Company has also continued to deliver operationally and has proactively strengthened its liquidity through the issuance of a USD 300 million subordinated bond. The Company currently has a robust liquidity buffer to support it through towards first oil from Johan Sverdrup and believes that all stakeholders will benefit from allowing management to focus on the operational delivery of the ongoing projects.

As announced on 29 April 2016, the Company has reached an agreement with its group of banks to ease the covenant thresholds. The Company has also informed the Bond Trustee that Bondholders holding in excess of 50% of the Outstanding Bonds in the Bond Issue have confirmed their support for the Proposal set out in section 2 below.

2. PROPOSAL

Based on the background information set out above, the Issuer proposes to make certain amendments to the Bond Agreement (the “**Proposal**”). The details of the Proposal are set out in Schedule 1 hereto, which includes the following key points:

- Amendment of the leverage ratio: The Issuer shall ensure that the leverage ratio shall be a maximum of 6.0x from Q2/16 to and including Q4/17; 5.5x from Q1/18 to and including Q4/18; 6.0x from Q1/19 to and including Q4/19; and 3.5x thereafter.
- Amendment of the interest cover ratio: The Issuer shall ensure that the interest cover ratio shall be a minimum of 2.0x from Q2/16 to and including Q3/17; 2.3x from Q4/17 to and including Q3/18; 2.0x from Q4/18 to and including Q4/19; and 3.5x thereafter.
- Definition of Total Net Debt amended to exclude exploration financing facilities.
- Bond Agreement to follow amendments and waivers to leverage and/or interest cover covenant in senior secured debt, but not amendments or waivers less beneficial to Bondholders than the thresholds expressed above for more than 2 quarters and then subject to the same relative consent fee as payable to senior secured creditors.

To enable the Issuer to conduct the proposed change of the Bond Agreement, the Issuer has requested the Bond Trustee to summon a Bondholders’ meeting to consider the approval of the proposed changes.

— o o o —

As compensation to the Bondholders for approving the Proposal, the Issuer offers to the Bondholders that Clause 10.1 (*Maturity*) shall be amended to read as follows:

“Maturity

The Bonds shall mature in full on the Maturity Date, and shall be repaid at 104% of par by the Issuer.”

3. EFFECTIVENESS

The Bond Agreement shall be deemed to have been amended as set out under section 2 (*Proposal*) hereto when (and if) the Bondholders' Meeting resolves to approve the Proposal and the Bond Trustee has notified the Issuer and the Bondholders of the resolution passed (the "**Effective Date**").

4. THE ISSUER'S EVALUATION

In the Company's opinion, the Proposal represents an attractive and fair compensation to the Bondholders. Furthermore, the Company believes that by approving the proposed amendments creditors continue to be well protected towards downside scenarios with regards to the oil price and will benefit from management being able to concentrate fully on the execution of the ongoing project developments.

5. FURTHER INFORMATION

The Issuer has engaged DNB Markets, Nordea Markets and SEB as the Issuer's financial advisors ("**Advisors**") with respect to the Proposal.

The Advisors are acting solely for, and relying on information from, the Issuer in connection with the Proposal. No due diligence investigations have been carried out by the Advisors with respect to the Issuer or the Proposal, and the Advisors do not assume any liability in connection with the Proposal (including but not limited to the information contained herein).

6. THE BOND TRUSTEE'S EVALUATION

The request is put forward to the Bondholders without further evaluation or recommendations from the Bond Trustee. The Bondholders must independently evaluate whether the proposed changes are acceptable.

Bondholders are hereby summoned to a Bondholders' Meeting:

2. *The Bond Trustee is authorised and instructed to do all such steps necessary on behalf of Bondholders as may be necessary in connection with implementation of the Proposal, including but not limited to implementing and amending and restating the Bond Agreement."*

To approve the above resolution, Bondholders representing at least 1/2 of the Bonds represented in person or by proxy at the meeting must vote in favour of the resolution. The individual Bondholder may authorise the Nordic Trustee to vote on its behalf, in which case the Bondholder's Form also serves as a proxy. In the event that Bonds have been transferred to a new owner after the Bondholder's Form was made, the new Bondholder must bring to the Bondholders' meeting or enclose with the proxy, as the case may be, evidence which the Bond Trustee accepts as sufficient proof of the ownership of the Bonds.

For practical purposes, we request those who intend to attend the Bondholders' Meeting, either in person or by proxy other than to Nordic Trustee, to notify Nordic Trustee by telephone or by e-mail (www.mail@trustee.no) within 16:00 hours (4 pm) (Oslo time) the Banking Day before the meeting takes place.

Yours sincerely
Nordic Trustee ASA
